SECTION 4 – Applied

- 14 A national equine society has decided to celebrate the role, tradition and history of horses in our society.

The primary aim of the scheme is to sponsor artists, designers and craftspeople to produce work that will be located in an appropriate situation, using materials and processes in keeping with the theme and potential outcomes.

The brief also requires the artists, designers or craftspeople to propose a suitable location for the work, such as outside an agricultural showground or the reception area of an equestrian centre.

The trust will look for the following qualities in the proposed artworks:

- location and scale
- materials used in construction or making
- links to the equine subject matter
- creative responses to the theme.

The following images are provided to illustrate existing artwork that has been produced in response to equine themes.

Materials should not protrude more than 200 mm from the surface. You are required to produce scaled designs that explore the theme using appropriate materials.

You should explore the imagery most suitable for the theme and produce outcomes that may take the form of printmaking or graphic design. You must submit designs for all four postage stamps and one finished mock-up in an appropriate medium.
